

Transcendence

A NEW DAY BEGINS

So good fading stars reaching
Burning road in your mind
Bible so flying eyes

HONOUR FORGOTTEN

Honour is a prefix
People seem forgotten
Forgotten

I wanted to say so many things
In such a short time

Never mind
Who cares?
Just get out

Free obedience of
Hypothetical nature
Number one
One of us

True sabotage
What is that?
New gimmicks
All for us

Honour as a prefix
People seem forgotten
Forgotten

I wanted to say so many things
In such a short time

Never mind
Who cares?
Just get out

Free obedience of
Hypothetical nature
Number one
One of us

True sabotage
What is that?
New Gimmicks
All for us

Honour as a prefix
People seem forgotten
Forgotten
Why is that?

I wanted to say so many things
In such a short time

Never mind
Who cares?
Just get out

Free obedience of
Hypothetical nature
Number one
One of us

Never mind
Who cares?
Just get out of here

Honour as a prefix

People
All of us

ALL PEOPLE

Every human to be loved
No-one to be starved
Give food and shelter
Feed kids love

Hunger can be overcome
Come on just think
Share the spirit of life
Share the spirit of love

Feel nature with your heart
Peace for all of us
Peace for all of us
Come on just think

Get up and go
Get up and go
Fight the struggle
And get on

Share the spirit of life
Share the spirit of love
Feel nature with your heart
Peace for all of us

Share the spirit of love
Share the spirit of love
Feel nature with your heart
Peace for all of us

Get up and go
Get up and go
Fight the struggle
And get on

Share the spirit of life
Share the spirit of love
Feel nature with your heart
Peace for all of us
Peace for all of us

Share the spirit of life
Share the spirit of love
Feel nature with your heart
Peace for all of us

Every human to be loved
No one to be starved
Give food and shelter
Feed kids love

Hunger can be overcome
Come on just think

TRANSCENDENCE

When you are at crossroads
You often wonder why

When you try to feel alive
Just know in your heart
What you do feels right

ROMANCE

So what if I were on a
Different planet right now
I so would let go

But now and here
And now and here
I can't let go

Do not forget
What we have said

One promise to keep
Just to be here
Present to feel

Now and here
And now and here
And the presence to free

Pureness filters
Raindrops sweet
Sunshine glitters
All just free

Special moment
Tender feeling

Caring thoughts
And harmony

All just free
Special moment
Tender feeling
Caring thought

Pureness filters
Raindrops sweet
Sunshine glitters
All just free

Here on planet earth
We all want to share

Just remember
Do not forget
What we have seen
What we have felt
Right now and here
Be grateful

Live is purer
Hey how are you?
You ask
Always remember
Stay true to your heart, yeah?
How are you?
You ask

Always remember
You make me feel well
You make me feel right
Feel and act on your heart beat
Deepest feelings guide you

Now and here
You be
Now and here

Welcome to the show
Ho Hey
All these places

In eternity
In your heart

Always remember
Stay true to your heart

Be true to your heart, yeah?

RESPECT

Respect

Sometimes it is easy to play around
But always stay faithful
No to loose your respect
For yourself

Each of us needs freedom
Not cheap fun
Otherwise you can't respect yourself

Respect
Be honest

Human nature strong and enduring
Live through struggles

Don't forget
Respect yourself

Respect

Love yourself too
Respect for mankind
Soulhood
Nature
And yourself

Be honest
So you can look into the mirror every morning
Not be afraid of having lost yourself

Take a step and be proud
Your neighbour appreciates

Respect

Sometimes it is easy to play around
But always stay faithful
Not to loose your respect for yourself

Each of us needs freedom
Not cheap fun
Otherwise, you can't respect yourself

Respect

When you're expressing your feelings
Love yourself too

Respect for mankind
Soulhood
Nature
And yourself

Respect

Take a step and be proud
Your neighbour appreciates

Respect

Sometimes it is easy to play around
But always stay faithful
No to loose your respect for yourself

Each of us needs freedom
Not cheap fun
Otherwise, you can't respect yourself

Respect
Be honest

Care for all
Relationships live
Of respect
Dignified love

Human nature strong and enduring
Live through struggles
Oh yes

Respect yourself
Don't sell your soul
Be honest

Sometimes it is easy to play around
But always stay faithful
Not to loose your respect for yourself

Each of us needs freedom
Not cheap fun
Otherwise, you can't respect yourself

JUMP

Come on just jump!

One step closer
To light and love

Let's move forward
With the sun

Light and love

One step closer
To light and love

Earth moves forward
With the sun

Earth moves

Happy news
Happy news
Happy news

Happy news have already come

SO FAR AWAY

Purely purified
Sugar spice
Slow down to see
Through your eyes
Slow down to see
With my eyes

Where people meet and talk
Now we are there
What makes sense?

Run to the end of the world
Moving through the jumping adverts
Quicker than a time machine
Tunnels of membranes

Jumping into deep blue sea
Part of life
Many clouds no panic
Shades of knowing

Not to twist around
Randomisation of progress is quick
Just keep going
Time concepts flowing

That is the way to go
Scientific chemistry

Combining circles
Here we go
Here we said

Step into dimensional revolution
Addiction to knowledge
Egals general paralysed
Poisonous stuff

Powers of forgotten tears
In a land so far away
Old and forgotten
Lastly spoken

Someone's exclusive possession
Roots of origin
Scriptures in old stones
Where you will be walking instantaneous
Spontaneously swinging
Where you will be daydreaming
Tigers are screaming
Where you will be moving with your flow

Powers of forgotten tears
In a land so far away
Old and forgotten
Lastly spoken

Somebody's exclusive possession
Roots of origin
Scriptures in old stones

Will you be working
Instantaneous
Spontaneously swinging
Will you be daydreaming?
Tigers are screaming

Where you will be moving with your flow
Where you will be speeding, racing

Biggest gamble
Proof to gamble
Liability universally
If you wanna free

ONE

Morning dawn
Up and awake
Driving along
So many things
Coming along

My man next to me
Holding my hand
See world through spectacles
Better be just fun

When you are driving along
Seeing mountains in the distance
Then slowly approaching

When driving towards the sun
Colours are changing
When you are driving along
Every day to discover new things
On the road
Travelling towards the sun

Be up and awake
Ready to rumble
Lots of fun
Just for fun

Enjoy the journey
As aim is our journey
It's like life without fun
All want to come and drive along?

Imagine you are floating on a boat
Up the countries rivers
Towards the sun
Water glitters
When sunrise awakes

Up and away
Driving along
So many things
Coming along

Morning dawn's beauty to remember
Every day
When travelling along
My man next to me
Holding my hand

Up and away
Driving along
So many things
Coming along
